

Exercise 7 Clear Clutter in python

Question

Write a program to clear the clutter inside a folder on your computer. You should use OS module to rename all the PNG images from 1.Png all the way till n. PNG where n is the number of PNG files in that folder. Do the same for other file formats.

Source Code

```
# 1. Write a program to clear the clutter inside a folder on your computer.  
# 2. You should use OS module to rename all the PNG images from 1.Png all the way  
till n. PNG where n is the number of PNG files in that folder. Do the same for  
other file formats.  
  
# sdfsdf.png ----> 1.Png  
# vffg.png ----> 2.Png  
# name.png ----> 3.Png  
# munawar.png ----> 4.Png
```
